MAY 2022

## WHAT IS MENTAL WELLNESS?

Mental wellness is part of your overall health. Being mentally healthy allows someone to realize their own abilities, cope with the normal stresses of life, work productively, and make contributions to the community.<sup>1</sup>

There are many ways to improve your mental wellness. AmeriHealth Caritas District of Columbia (DC) has programs that can help you achieve your goals.

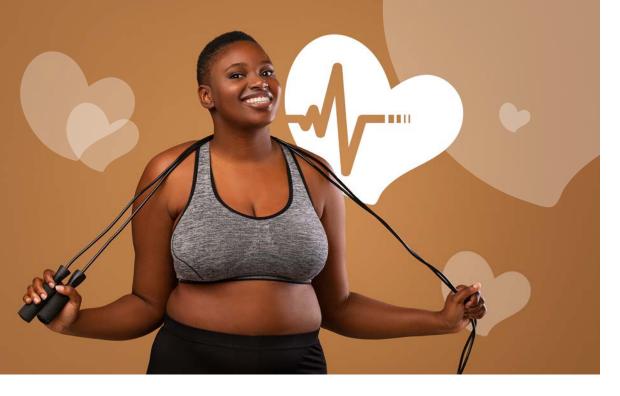

## **EMOTIONAL SUPPORT VIA TEXT**

Emotional support via text allows you to text with a coach any time you need it, 24 hours a day, seven days a week. You can receive support for challenges big or small, such as anxiety, trouble sleeping, relationship problems, grief, pain, and life transitions.

- If you are 21 or older, use Headspace Care. Download the Headspace Care App from the <u>Google Play™ store</u> or <u>Apple</u> <u>App Store®</u>. In the app, tap Get Started, then tap Verify with Name, DOB, and ZIP Code. Follow the instructions sent to your inbox.
- Enrollees ages 13-20 should text 886-886 and use referral code "AmeriHealth" during enrollment to start texting with a MindRight support coach now.\*

\*Standard messaging and data fees may apply.

## **FITNESS PROGRAM**

People who exercise regularly have better mental wellness.<sup>2</sup> AmeriHealth Caritas DC offers the Active&Fit® program, which gives you membership to a participating fitness center in the District. The program also gives you access to daily workout classes on Facebook Live, or anytime on YouTube.

To learn more or sign up, visit **www.activeandfit.com** or call **1–877–771–2746 (TTY 771)**.

## **BEHAVIORAL HEALTH PROVIDERS**

Most of us experience times when we need help dealing with problems that cause emotional distress. You may benefit from an experienced, trained behavioral health provider if you are having a problem that is making you feel overwhelmed or interfering with normal daily life. As an AmeriHealth Caritas DC enrollee, you have access to a large network of behavioral health providers.

### There are three ways to get help:

- Talk to your primary care provider (PCP) about what you are dealing with. They may be able to help you themselves, or they will refer you to the right provider.
- 2. Call Enrollee Services at 1–800–408–7511 (TTY 1–800–570–1190), available 24 hours a day, seven days a week. They can help you find a provider in your area. They can also help you identify the best type of behavioral health provider for your needs.
- Find a provider using the AmeriHealth Caritas DC Provider Directory located on our website. Go to www.amerihealthcaritasdc. com > Enrollees > Medicaid enrollees > Find a doctor, medicine, or pharmacy.
