Impact

AmeriHealth Caritas District of Columbia is devoted to providing our members with optimal oral health care services through your participation as a network provider. To assist in reaching that goal, we are providing a periodicity schedule for your reference to address member needs for sealants and fluoride varnish. Fluoride varnish is reimbursed every six months for dentists. Please be reminded that members should begin to receive oral health care services at age 1. Sealants are to be applied to permanent teeth only.

We hope that the periodicity schedule will help you enhance the services you provide for your patients, our members. We thank you for your participation in our network. If you have any questions, please contact your Provider Network Management Account Executive, Darin Hutchins, at 202-326-8921.
