

To: AmeriHealth Caritas DC Providers
Date: July 6, 2018
Subject: ***There are no Alliance Formulary Changes Pending

Summary: There are no pending changes to the AmeriHealth Caritas DC Alliance plan formulary. The notification on July 2, 2018 was incorrect and sent to you by mistake.

The previous notification from July 2, 2018 regarding the pending Alliance plan formulary was incorrect and sent to you by mistake.

The changes that were described in the Alliance formulary notification as going into effect on August 9, 2018 are not happening.

Those prescription drugs and specialty drugs that are currently covered on the Alliance plan will continue to be covered as they were previously under the existing formulary. As before, there is only one AmeriHealth Caritas DC formulary that covers both the Medicaid and Alliance plans.

Our website has been updated to remove any references to a change in the Alliance formulary, and the formulary that has been in effect since the fall of 2018 has been uploaded into the same location where it was previously located.

We apologize for any confusion caused as a result of the earlier notifications regarding a change to the Alliance plan formulary.

Questions

If you have any questions about this communication please call Perform Rx Provider Services at (888) 987-5821 M-F 8:30 -6:00 pm. Thanks for taking care of our members!
