**Subject: Dental Periodicity Schedule**

**Summary:** AmeriHealth Caritas District of Columbia asks dentists to be aware of and follow practice guidelines found on the attached dental periodicity schedule.

**Impact**

AmeriHealth Caritas District of Columbia is devoted to providing our members with optimal oral health care services through your participation as a Network Provider on our behalf. To assist in reaching that goal, we are providing a periodicity schedule for your reference to address member needs for sealants and fluoride varnish. Fluoride varnish is reimbursed every 6 months for dentists. Please be reminded that members should begin to receive oral health care services at age 1. Sealants are to be applied to permanent teeth only.

We hope that the periodicity schedule will assist in some way to enhance the services you provide for your patients, our members. We thank you for your participation in our network and please do not hesitate to contact your Account Executive, Darin Hutchins, at 202-326-8921.
