Date: April 1, 2025

## Subject: United Medical Center Closing and Cedar Hill Regional Medical Center GW Health Opening

Dear Provider:

AmeriHealth Caritas District of Columbia (DC) would like to inform you about an important update regarding our hospital network. On April 15, 2025, United Medical Center Hospital will permanently close all services. This includes the closure of outpatient, emergency, inpatient, medical, surgical, behavioral health, ancillary, and support services.

On the same day, April 15, 2025, Cedar Hill Regional Medical Center GW Health will open on the St. Elizabeth's campus in Ward 8 (1200 Pecan Street SE, Washington, DC 20032). Cedar Hill Regional Medical Center GW Health is a new privately operated, full-service hospital that will be part of the AmeriHealth Caritas DC provider network.

To learn more about Cedar Hill Regional Medical Center GW Health, visit <u>www.cedarhillregional.com</u>.

Please be assured that our network remains strong and fully equipped to meet the healthcare needs of our community. In addition to Cedar Hill Hospital, we have other hospitals in the network that continue to provide comprehensive medical services, including:

- Howard University Hospital
- MedStar Washington Hospital Center
- Medstar Georgetown Hospital
- Children's National Hospital
- Sibley Hospital
- George Washington Hospital

If you have questions about this communication or require assistance during this transition, please contact your AmeriHealth Caritas DC Provider Account Executive or call Provider Services at 202-408-2237. We are committed to ensuring a smooth transition and continued support for our valued providers.

Thank you for your ongoing partnership and dedication to patient care.

Sincerely, AmeriHealth Caritas DC
