Subject: 2025 Provider Incentive CPT/CPT-II Code Campaign for Childhood Immunization

Status – Combo 10 (CIS-10)

### Dear Provider:

AmeriHealth Caritas District of Columbia (DC) providers are invited to participate in an end-of-the-year provider incentive to help optimize the completion of all 10 vaccinations recommended for children before the age of two. This campaign includes a quality incentive payment opportunity for enrollees who are listed as non-compliant as of September 2025 and become compliant by the end of Measurement Year (MY) 2025.

Compliance for CIS-10 is defined in the Measure Description below, highlighting that each child must meet all the requirements outlined below. Eligible enrollees for this incentive must be noted on the non-compliant list provided to your practice. AmeriHealth Caritas DC enrollees who are not listed on the non-compliant list are not eligible for the incentive payment.

# When and how is the quality incentive paid?

Quality incentive payments are based on claims submissions that meet two criteria: completion of all 10 recommended immunizations for enrollees before their second birthday and the submission of CPT codes for the vaccinations. An incentive payment of \$50 will be paid for each enrollee on the non-compliant list who ends MY2025 as compliant. Compliance will be confirmed by reconciling the non-compliant roster with a compliant roster in April 2026 (to allow for claims run-out). Incentive payments will be distributed in May 2026.
