

AmeriHealth Caritas[™]
District of Columbia

To: AmeriHealth Caritas DC Providers
Date: October 17, 2025
Subject: Updated COVID-19 Vaccine Guidelines for Fall 2025

Dear Providers,

The Food and Drug Administration (FDA) has updated the approvals and eligibility criteria for COVID-19 vaccines. AmeriHealth Caritas District of Columbia (DC) covers the COVID-19 vaccine at no cost for enrollees of all ages (age limits for children vary by manufacturer) when the vaccine is administered in a primary care provider's (PCP) office or through a participating pharmacy.

For more information and a list of medical conditions that place individuals at a higher risk of severe illness, please go to www.cdc.gov/covid/risk-factors.

Please note: The medical condition list does not include **all** medical conditions that place a person at higher risk of severe illness from COVID-19. Rare medical conditions, including many conditions that mostly affect children, may not be included on this list.

A person with a condition that is not listed may still be at greater risk than other people of getting very sick from COVID-19.

As vaccine guidance continues to develop, we encourage our enrollees to seek recommendations directly from you, their PCP. Thank you for staying informed during this evolving time and for your ongoing commitment to the health of those we serve.

Sincerely,

AmeriHealth Caritas DC
