Subject: Help Us Support Our Enrollees by Sharing Data

Dear Provider,

In support of our commitment to equitable healthcare access and improved provider and patient relations, we invite our providers to voluntarily share their demographic information. This includes your race and the languages you and your practices speak.

This data helps us better reflect the diversity of our networks, support enrollee choice, and help improve access to culturally responsive care.

Our enrollees value the ability to connect with providers who understand their cultural and linguistic preferences. By collecting race, ethnicity, and language data we can:

- Highlight the diversity of our provider network.
- Improve how we present provider information.
- Support compliance with national standards including but not limited to: Cultural Linguistic Appropriate Services (CLAS) and National Committee for Quality Assurance (NCQA) Accreditation.

For questions or to find out more, please contact your Provider Network Account Executive.

Thank you for partnering with us in advancing health equity.

Sincerely,

AmeriHealth Caritas DC
