

AmeriHealth Caritas[™]
District of Columbia

To: AmeriHealth Caritas District of Columbia Primary Care Providers
From: Nathan Fletcher, DDS, Dental Director
Date: February 1, 2018
Subject: **Adding Screening Results to Patient Medical Records**

Summary: As part of the Beyond Your Smile Program, please take a moment to add patient screening results from dental providers to your patients' permanent medical record. Capturing all relevant information in the patient records helps to ensure its capture for reimbursement and HEDIS reporting purposes.

Impact

As part of AmeriHealth Caritas District of Columbia's participation in the Beyond Your Smile program, some members have agreed to their dentist performing specific health screenings. As your partner in providing quality services for your patients, we will be sharing the results of these screenings as they apply to your patients and ask that you include them in your patients' medical records.

Action Needed

To improve your HEDIS results and/or payments, please take a moment to add these dental screening results to your patients' permanent medical record. It is our hope that you will find this information helpful in the management of your patients' care and wellness management.

Questions

AmeriHealth Caritas District of Columbia has collaborative programs and support teams designed to assist you in the management of chronically ill AmeriHealth Caritas District of Columbia members.

For additional information on Beyond Your Smile and other patient wellness management programs, please visit the Provider section of our website at www.amerhealthcaritasdc.com.

Thank you for your cooperation. If you or your office has any questions please don't hesitate to contact Darin Hutchins, dental account executive at dhutchins@amerihealthcaritasdc.com.
