

AmeriHealth Caritas™

District of Columbia

To:	All AmeriHealth Caritas DC Providers
Date:	December 3, 2021
Subject:	Long-Acting Insulin Coverage

Dear Provider:

We understand that pharmacies may experience supply issues due to the phase out of Semglee. Please note that the current preferred long-acting insulins covered for AmeriHealth Caritas District of Columbia enrollees include the following products:

- **Semglee (insulin glargine)**
 - Semglee (insulin glargine) will pay at point of sale with a quantity limit of 30 milliliters per 30 days
 - It is not interchangeable with Lantus, and is anticipated to be phased out by the end of the 2021 calendar year
- **Insulin glargine-yfgn**
 - Insulin glargine-yfgn will pay at point of sale with a quantity limit of 30 milliliters per 30 days
 - It is considered interchangeable by the FDA, allowing substitution at pharmacies for the reference product, Lantus
 - Information to order insulin glargine-yfgn:
